26/001	<u>Meeting commenced</u> RB welcomed everyone and opened the meeting at 5:30pm
26/002	<u>GDPR</u> The meeting was not recorded.
26/003	At a recent meeting with TVBC, reps from the NDPSG were informed that due to the impending reorganisation of Local Government, progress on the new Local Plan has ceased. A new Local Plan will now be developed in conjunction with the other new authorities It will be some time before this Plan will be available, and it is unclear if our current allocated site for 20 houses will be included. RB explained that the decision for this meeting was whether to recommend to the PC that we continue to include the 20 house development site in our NDP. RB confirmed that advice from David Nicholson was to continue with its inclusion in the NDP. After discussion the meeting agreed unanimously to recommend (to the PC) that we continue inclusion of the 20 house development site in the NDP.
